

TO WHOM IT MAY CONCERN

Dear Sir/Madam,

You are hereby being notified in legal terms about a hoax and a gimmick going on in our state in the name of advanced science /technology/experimentation.

Through this technology you can get any unauthorized access to my life, (inc. my brain, body , mind and surrounding atmosphere) and can affect me severely with it . But please know for sure that you are no bona-fide entry in here in my life and can have no valid claim thereof...Your entry is considered illegal & criminal that results in high emotional distress and injury (IIED and mental cruelty included)) with good amount of physical damage.

This advanced technology requires the use of unknown devices/machines/machineries /computers that are highly illegal & criminal .. No such devices are available in India commercially or in Govt. factories even .. No such device patent , policy of implementation , objective of research or experimentation , defense deal , or import-export policy documents exists for this kind of things ..

I have done RTI enquiry long back to get confirmed about any such existence of technology or research permission, and got no positive response from any dept.

This is actually called "Mass Mind Control Technology" , that is basically a **remote & covert Brain Manipulation cum Slow-Kill assassination technology , the effects of which are well-known for the last 50 years to the world...**

The machineries & devices used in here are comparable with advanced weaponries and weapon based systems (like Neuroweapons, Bio-electromagnetic Weapons , Radiation Weapons (EMR), Electro-Magnetic Weapons (EMW) , psychotronic, microwave, acoustic, infrasound and

ELF weapons etc.) ..**This is brutally taking my life away for years in a country that had no such scope and no such provision of using any such thing** .. USA also can't do any such thing in here in this country due to jurisdiction & constitutional violation ground and on criminal espionage ground ...To allow it to happen it in here or to make it happen in here would be equivalent to a high Conspiracy , Scam and Treason Offense..

So, if you or your office , are in possession of any such thing , or have conspired to use or have used it on me at any point of time , that negatively affected my life in any way , then please be informed that you are doing an illegal & criminal activity on me , that's severely punishable in all civil, legal & constitutional terms ..

Your ways & means , activity & duration , entitlement & the impact thereof in his life determines your punishment terms ..

Please note, that this is an illegal & criminal invasion and abuse of his life and rights and it's not only unlawful, unjust and unconstitutional, it's very cruel , inhuman and degrading and dehumanizing an experience that got reported duly in due time and in due terms to the authorities and public for the last so many years ..

My Torture Case Testimonial is given for the public and the authorities in here for long @ <http://www.dchakrab.com/418103570> , for them to know how it affects & brutalizes me & my life and ruins me from all directions ..
