

STATEMENT OF CLAIM

I, **Mr. Deb Chakraborty**, son of Late Ranjit Chakraborty and a resident of 13/6, Dr. Nilmani Sarkar Street, Baranagar, Kolkata - 700090 for many years , would like to **solemnly declare and affirm the following facts in here:-**

- I am **suffering brutally and cruelly** as a pathetic victim of remote **Hi-Tech Crimes** like Mind Control and psychotronic torture done on me **for the last 16+ yrs...**
- I have **reported against it continuously** to all the authorities including **Police Dept for long** .. My Public Appeal in this regard is available publicly and openly to all in my web-site @ <http://mailevto.wix.com/dchakrab> and in the contents therein ..
- **But the authorities seem to have criminally neglected my complaint for years that resulted in a huge loss and damage in terms of Life, Living and Livelihood, Health, Wealth & Dignity .**
- This is a **Gross Human Rights Violation and Abuse** to begin with , **with deadly and damaging effects on Brain, Mind & Body especially**.The long-standing Crime and it's all-pervasive effects are thus making me go towards a pathetic bleak future .
- I describe this Hi-Tech Crime with the following words for better understanding of the situation :-

***Mind Control** is a silent , covert, coercive manipulation of human brain & mind through low-frequency electromagnetic waves (ELF , Microwave) in the neuron synapse level , that alters & debilitates a human being slowly but surely .. It's a nerve crime & brain crime primarily that alters the human psychology & behaviour to an abnormal extent to make anyone act as a "puppet" or "slave" in the hand of the modern day mafias / mafia Govt servants; or to become their false targets in vested criminal interest ...It's a manipulation/ poisoning/murder/ of human brain, body, mind and it's surrounding including air and consciousness., and including people & situations too .. This being against the basic fair rights of life, health , security and justice , and against humanitarian laws, must have been outlawed long back ..*

- **My Torture Case Testimonial** is as given openly in my web-site and send to all the authorities along with the complaints sent for years ..The site link is as follows : <http://www.dchakrab.com/418103570> ..
- **I was a dignified and worthy gentleman who never had any civil, public or personal incidence with anyone. So no one had any right, any authority and due entitlement for any undue name-taking and action against me. No one could have used, misused and abused me & my life in any possible.. I consider it offensive and criminal too .**

- I call this crime incidence an organized hate crime of an organized crime syndicate and sex syndicate activity getting aided and abetted by corrupt Govt. Servants, through their misuse and abuse of power , position and office in vested criminal interest .The crime incidence is as given in the form of a few sample letters sent to the authorities over the years , as in the following few:-
1. http://www.angelfire.com/pro2/dchakrab/Letter_Govt/letter_humna_ri_ghts.htm 2. http://www.angelfire.com/pro2/dchakrab/letter_sp_spgs.htm

SO, I CLAIM A HEAVY COMPENSATION ABND DAMAGE AMOUNT BASED ON THE ABOVE MENTIONED FACTS AND ON THE FOLLOWING GROUNDS DESCRIBED IN HERE:-

- **It was a forcible takeaway of life, living and livelihood for the last 16+ years, which has got far-reaching impact for the rest of my life . It was all due things for me and I was well worth it anyway..**

You can't forcibly rob away things unjustly like this , and make me pathetically suffer and toil for lifelong , especially when I was well qualified for a good and handsome life and living and things were right showing in that direction ..

PS: .I could not even work for almost 12 long years in this condition and was doing some low-paying jobs just to survive somehow in this condition ..

- **I was definitely an worthy being , academically, professionally and personally, till this hate victimization .. Hence I reclaim my worth back in crime compensation terms.**
- Other factors : - I believe that **I contributed high to a valuable and worthy humanitarian cause and world cause** in terms of knowledge, information, awareness raising, help & support for the victims and for the world in activism terms.. I believe that banning this activity throughout the world, would restore law & order, constitution, justice, peace, humanity and civilization in the world in a big way .. The corrupt, crooked evil reign of the tyrannical power will end ...

So, in all humbleness, I request for a compensation & damage amount of 20cr. or 6 million dollars in this regard as punitive damage amount , intentional infliction of torture & damage amount (causing grievous hurt and harm) and as mental cruelty charges ..
